

ideal

A COMPLETE BATHROOM SOLUTION

Faucets and valves are made of 100% brass containing 60% copper. that ensures lifetime rust-free products

Only brass pipe and flange used.
to ensure everlasting quality only brass pipe and flange used. Steel pipe and brass flange are not used.

High quality silicon gasket and pure nitrile rubber.
this ensure long lasting grip and exclusive life of our products.

Specially designed DSAFE cartridge.
this DSAFE cartridge with certified rubber ensures ultimate life our products.

Only brass handle.
no zink or merabal handles are used in all faucets to ensure perfect grip of spindle with handle. It prevents faucets from all damages like black dot, differ shine etc....

Tested plating of nickel above 10 micron and chromium 0.3 microns.

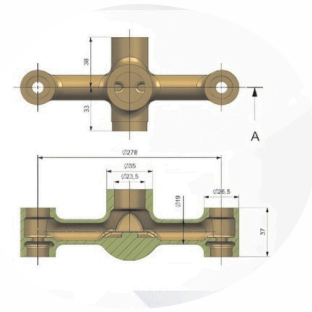

this ensures real shine that last so long.

Free parts and free service for 7 years.
genuine service at zero cost for seven years through well-equipped and well trained technicians.

Separate service department.

this ensure our commitment to solve every complain on time at customers door step.

Designed to last long and crafted to shine most.

We believe in only those innovation that really means.

Certificate for Quality practices

This presents our strong passion and dedication for consistent quality and value towards our commitments.

QUALITY CONTROL

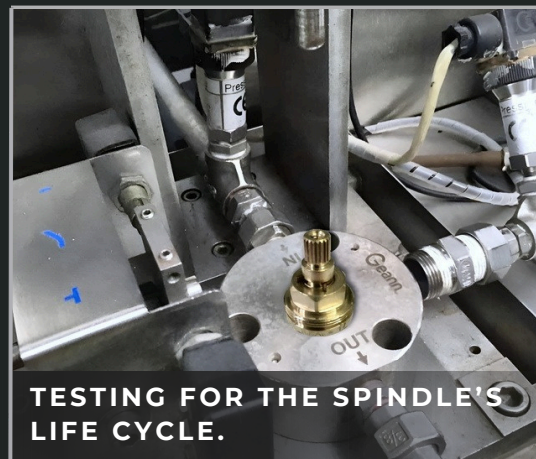

At Nixies Meters Pvt. Ltd. our promise to ourselves is to never compromise on the quality of products throughout our journey. We have gone the extra mile to deliver safety and quality to the products such as choice of raw materials, innovation & upgradation of manufacturing techniques and infrastructure.

Our committed workforce is trained meticulously to implement these high standards, as well as aware of evolving trends. Furthermore, each IDEAL brand faucet, before it is put on sale, is made to stand with all sorts of challenging tests:

TESTING FOR LEAKAGE AND FLOW.

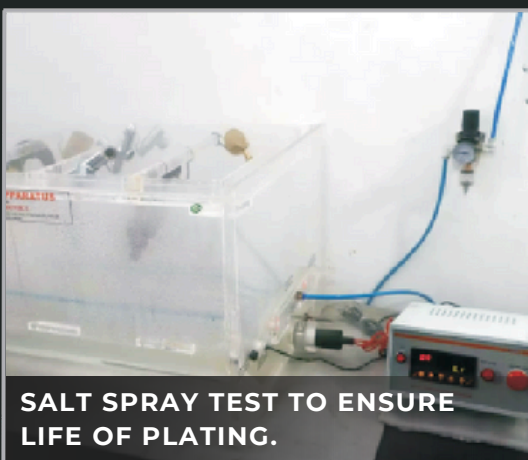

TESTING FOR THE SPINDLE'S LIFE CYCLE.

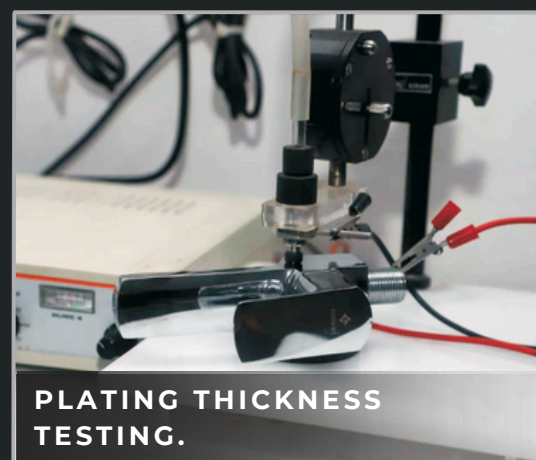

SPECTROTEST AT WORLD CLASS LABS.

THREAD TEST ON BSP STANDARD GAUGE.

SALT SPRAY TEST TO ENSURE LIFE OF PLATING.

PLATING THICKNESS TESTING.

7 YEARS WARRANTY

The product is warrantied by **Nixies Meters Pvt. Ltd.** To be free of defects in material and workmanship for a period of 7 years from the date of purchase. During this period and under normal use, if the product is found to be of faulty manufacture, the same will be repaired or replaced upon proof of purchase, at our option, without charge either for part or labor.

GENERAL INSTRUCTIONS

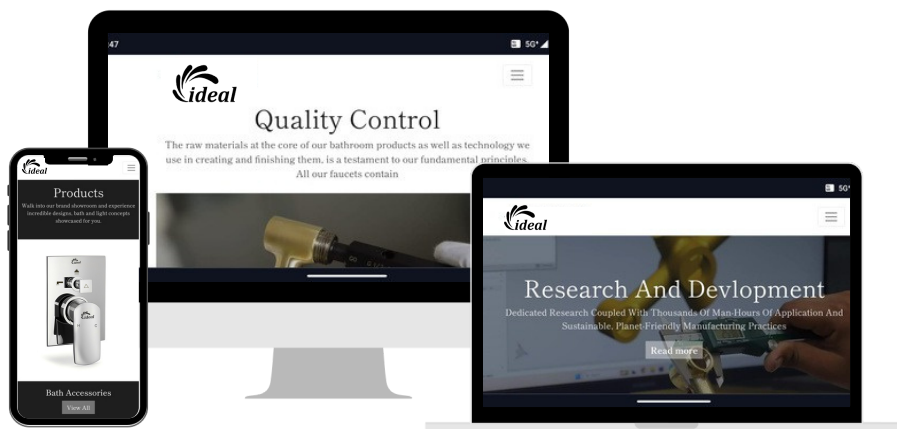

To preserve surface finish and aesthetics of your bath fittings:

- Clean the fittings regularly with a moist cloth, normal soap water/ diluted vinegar and keep it dry. Use chalk powder to remove scaling/stains.
- Do not use scrubbers, harsh washing powder, phenyl or harsh cleaning chemicals.
- While fixing, do not scratch/ damage the fittings by means of tools or spanners.
- Cover the fittings after they have assembled. Keep Fittings regularly & rigorously maintained in case of poor water quality.

LIMITATIONS & EXCLUSIONS

THE WARRANTY WILL BE VOID AND NOT VALID, NIXIES METERS PVT.LTD. WILL HAVE NO LIABILITY IF,

- The product is not installed, operated or maintained and serviced in a proper way.
- Modifications, repairs or service are made to the product, nature of the product/ logo has been altered, defaced or removed, or the warranty card has been altered.
- Problems arising from normal wear and tear, improper maintenance or improper use/ application of product or components of the same or use of poor/ bad quality of water.
- The product has been installed and operated outside it's designated plumbing conditions and parameters.
